workstories...

OUR STORY

Workstories was born to create spaces that work, for wherever your story is taking you.

Environments designed for where you need to go and what you need to do — as well as how you want it to feel as you get there.

We are home to a range of deeply individual brands, each of whom we have chosen to support different elements of what you do.

Chosen by people who love design and what it can facilitate, who love the new and the next but have no time for fads and fancies.

So whether it's ergonomic, highly efficient seating and British-made steel and hardwood desking, or mid-century clean lines and Westcoast patinated leather.

Whether it's heads down, hard knocks and make-or-breaks, or open discussions, new ideas and new beginnings.

Great stories rarely end in the same place they start — so wherever your business goes next, wherever your story is headed, let's get where you're going...

workstories...

WORKSTORIES

—
We create spaces that work, for wherever your story is taking you.

WORKSTORIES

—
Workstories curates beautiful, affordable and quality commercial furniture from a global community. We love great design — but we love what it can facilitate more. We're a team of passionate people dedicated to helping you create with your customers a unique space to shape their own stories...

WHO WE ARE

Our story began in 2013, when we partnered with the global brand Bestuhl to supply their range of task and meeting chairs. They combine high engineering and beautiful design all at an affordable price – perfect for the UK market. Significant investment in stock was made, a 16,000sq ft London warehouse was found and a 5-7 day delivery was achieved; and thus our script was written – bringing to our dealers fresh, designed products that are high quality and accessible to a range of different budgets and project sizes.

However, we couldn't have started this new chapter without what we value the most – people. Our own team of passionate individuals, in the UK and around the world, alongside the fantastic companies we work with help us create lasting relationships. We don't take ourselves too seriously, but we are very serious about what we do and we will support you all the way.

Fast forward and Workstories encompasses 5 amazing brands, carefully curated from across the globe to create a highly flexible and coherent collection of furniture. We engage in conversation with you and your client, bringing our shared expertise together to create the perfect environment whatever your narrative.

Our story is told through your stories...

J1 TASK CHAIR

J15 TASK CHAIR

BESTUHL

—
Ergonomic, efficient and effective, Bestuhl offers a range of highly engineered task and meeting chairs. Beautifully designed and beautifully functional, these are chairs for spaces where work gets done.

BESTUHL

Bestuhl is one of the largest seating manufacturers in South Korea, exporting to 73 countries.

Benefiting from a national culture of highly innovative and functional products with a strong attention to detail, Bestuhl makes constant significant investments in Research & Development.

Their expertise in production ranges from procurement of the highest quality materials through to the efficiency of their manufacturing process. Components are produced in state of the art facilities for a perfect quality control with minimal carbon footprint.

AIR TABLE AND SLING CHAIR

ROTO STOOL

M.A.D.

Having spent over 10 years designing, making and managing other people's furniture around Asia, Matt and Dan decided to set up m.a.d. in 2010 to satisfy their own quest to design and develop useful, affordable and desirable furniture for the modern urban dweller.

Fresh and innovative, m.a.d. furniture is developed to strict high standards in design and production by a collaboration of like-minded and global product designers.

OUTLAW

UNITED STRANGERS

—
An eclectic range that blends the old and the new, east coast and west coast, ethical materials and handcrafted finishes, to create spaces designed for conversations.

UNITED STRANGERS

Founded by Logan Komorowski, the original idea of United Strangers was to be unique, to think different and create a world where everyone is welcome to come in and share. They have pulled together people from all around the world to create a unique design perspective, blending experiences to create 'The New Vintage' – vintage products for the younger generation.

'New York Modern Vintage' furniture that is made to last and made to re-invent the story of the material it comes from. The products from United Strangers are unique pieces made from unique materials that respect the environment and have depth, feelings and a story to tell.
